この地図の作成に当たっては、国土地理院長の承認を得て、同院発行の基礎地図情報及び電子地形図（タイル）を使用した。（承認番号平30情使、第867号）。また、1/25,000縮尺GISデータ（環境省生物多様性センターも使用し、hokkaidowilds.orgが作成・加工したものである）。

We created this map using the Geospatial Information Authority of Japan digital basemap (tiles) and basemap data, with the Authority director's permission (no. Hei-30-joshi, dai-867-go). We also modified 1:25,000 scale vegetation map data created by the Biodiversity Center of Japan (<http://gis.biodic.go.jp/>).

vicinity to Tokachi-dake Onsen (十勝岳温泉) hotsprings and the popular Fukiage Onsen (吹上温泉) hot springs area. Another reason for its popularity is the ability to enjoy really good quality powder snow in most conditions; the lush conifer forests below the treeline help protect the slopes from the high winds common in the area. The local backcountry safety advocacy group - *Kamufikai* - produce an avalanche hazard map for the area. Red shaded regions are considered higher risk for avalanche - see the link on the online route guide.

ROUTE TIMING AND NOTES

This route is not marked. About 2 hours from the trailhead to the 1,500m point on the Giant Ridge. Just under an hour back to the trailhead. The creek-crossing at the start of the route is not always completely covered by a snow-bridge. Some careful balancing should be expected.

TRANSPORT

By car: There is a parking area enough for about 10 cars across the road from the trailhead, just at the turnoff to Fukiage Onsen (吹き上温泉). Note that this parking area can often be full. Under no circumstances should cars be parked on the road at the intersection. If the car park is full, either dig your own space, or carry on along the road to the Fukiage Onsen carpark. As this area becomes more popular, parking at the trailhead here is becoming more of an issue - please park responsibly to ensure future access to this area; adhering to local norms is essential for continued access to Hokkaido's amazing wild places.

Public transport: From JR Kami-Furano Train Station (上富良野駅), there is a bus, run by the Kami-Furano Town Bus company, that runs to the Hakuginso Lodge at Fukiage Onsen. You'll want to catch the tokachidake-onsen-yuki (十勝岳温泉行き) bus from the train station and get off at the Okinakouen (翁公園前) bus stop (formerly the Baden-kamifurano (バーデン上富良野) bus stop). As of February 2019, there were three buses per day there (08:52, 12:49,

16:31) and three returning (9:54, 13:44, 17:33). The fare is around 500yen one way, and it takes around 30 minutes.

SAFETY NOTES

The main risk noted in the *Hokkaido Yuki-yama Guide* (ISBN: 978-4894538047), is the avalanche risk in the valley directly north (to the skier's right) of the Giant Ridge. Other route guides we've seen, such as in the *Yama-suki 100zan* (ISBN: 978-4635470063), mention that valley as a good option for the downhill, but only in very stable snow conditions.

ONSEN NEARBY

Of course Nakadake Onsen is a prime spot for soaking weary legs, but the bottom of the ropeway is in Asahidake Onsen village, with a number of onsen to choose from. Yukoman Onsen (location) was nice (800yen per person). ■
